

ASFIRJ Thanks 2025 Reviewers!

Peer review is a cornerstone of the scientific publishing process and remains the most vital mechanism for ensuring quality, credibility, and integrity in scholarly communication. Through their careful evaluations and constructive feedback, reviewers play an essential role in helping authors refine their work and uphold the standards of academic excellence. Indeed, it is no exaggeration to say that no scientific journal can truly thrive without the dedication and expertise of peer reviewers.

In 2025, ASFIRJ continued its mission to serve as a trusted and authoritative voice within the African scientific community by publishing high-quality, Africa-focused research. This progress reflects our commitment to excellence and to strengthening academic discourse across the continent. Achieving these goals would not have been possible without the invaluable contributions of our reviewers, many of whom devoted several hours to each manuscript—offering their time, insight, and expertise as a service to the scientific community, without compensation.

On behalf of the ASFIRJ Editorial Board, we extend our sincere gratitude for your professionalism, diligence, and unwavering commitment. Your thoughtful reviews not only supported fair and rigorous editorial decisions but also significantly enhanced the quality, clarity, and impact of the papers we published. Your contributions have been instrumental in advancing knowledge and supporting the growth of scientific publishing in Africa. For all that you have helped us achieve in 2025, we say thank you.

We deeply value your continued partnership and look forward to working together as we further strengthen the journal's impact and

expand its contribution to the global scientific community.

Prof. Bright Nwaru
Editor-in-Chief
ASFIRJ

Below is the list of reviewers that reviewed for ASFIRJ in 2025.

1. Abdoulie K. Baldeh
2. Abdul Hamidu Abdullahi
